

EFFIE FARNSWORTH, CPMSM, CPCS

Effie Farnsworth is the Director of Medical staff for Centennial Hills Hospital in Las Vegas, NV, a Director at Large for the National Association of Medical Staff Services (NAMSS) and the past Chair of the NAMSS Ethics Committee. She has also assisted the Certification Commission of NAMSS with test assembly, item writing and various other activities, and has volunteered on the Utah Association of Medical Staff Services as President, and the Mid Valley Chapter of CAMSS, briefly as Secretary. When she isn't chasing physicians for documentation, she enjoys hiking, spending time with her bulldog rescues, attempting home repair and remodeling, with hopefully minimal additional damage, and lounging around with her friends watching hockey.
